

A dark blue silhouette of a car is centered in the background. The text 'MAKE CARPOOLING DYNAMIC' is overlaid on the car in white, with each word on a new line.

# MAKE CARPOOLING DYNAMIC

BOSCH IoT LAB Case

# CARPOOLING NOW

- With people you know
- Planned ahead
- Logistically complex

# CARPOOLING

NOW —————> IN THE FUTURE

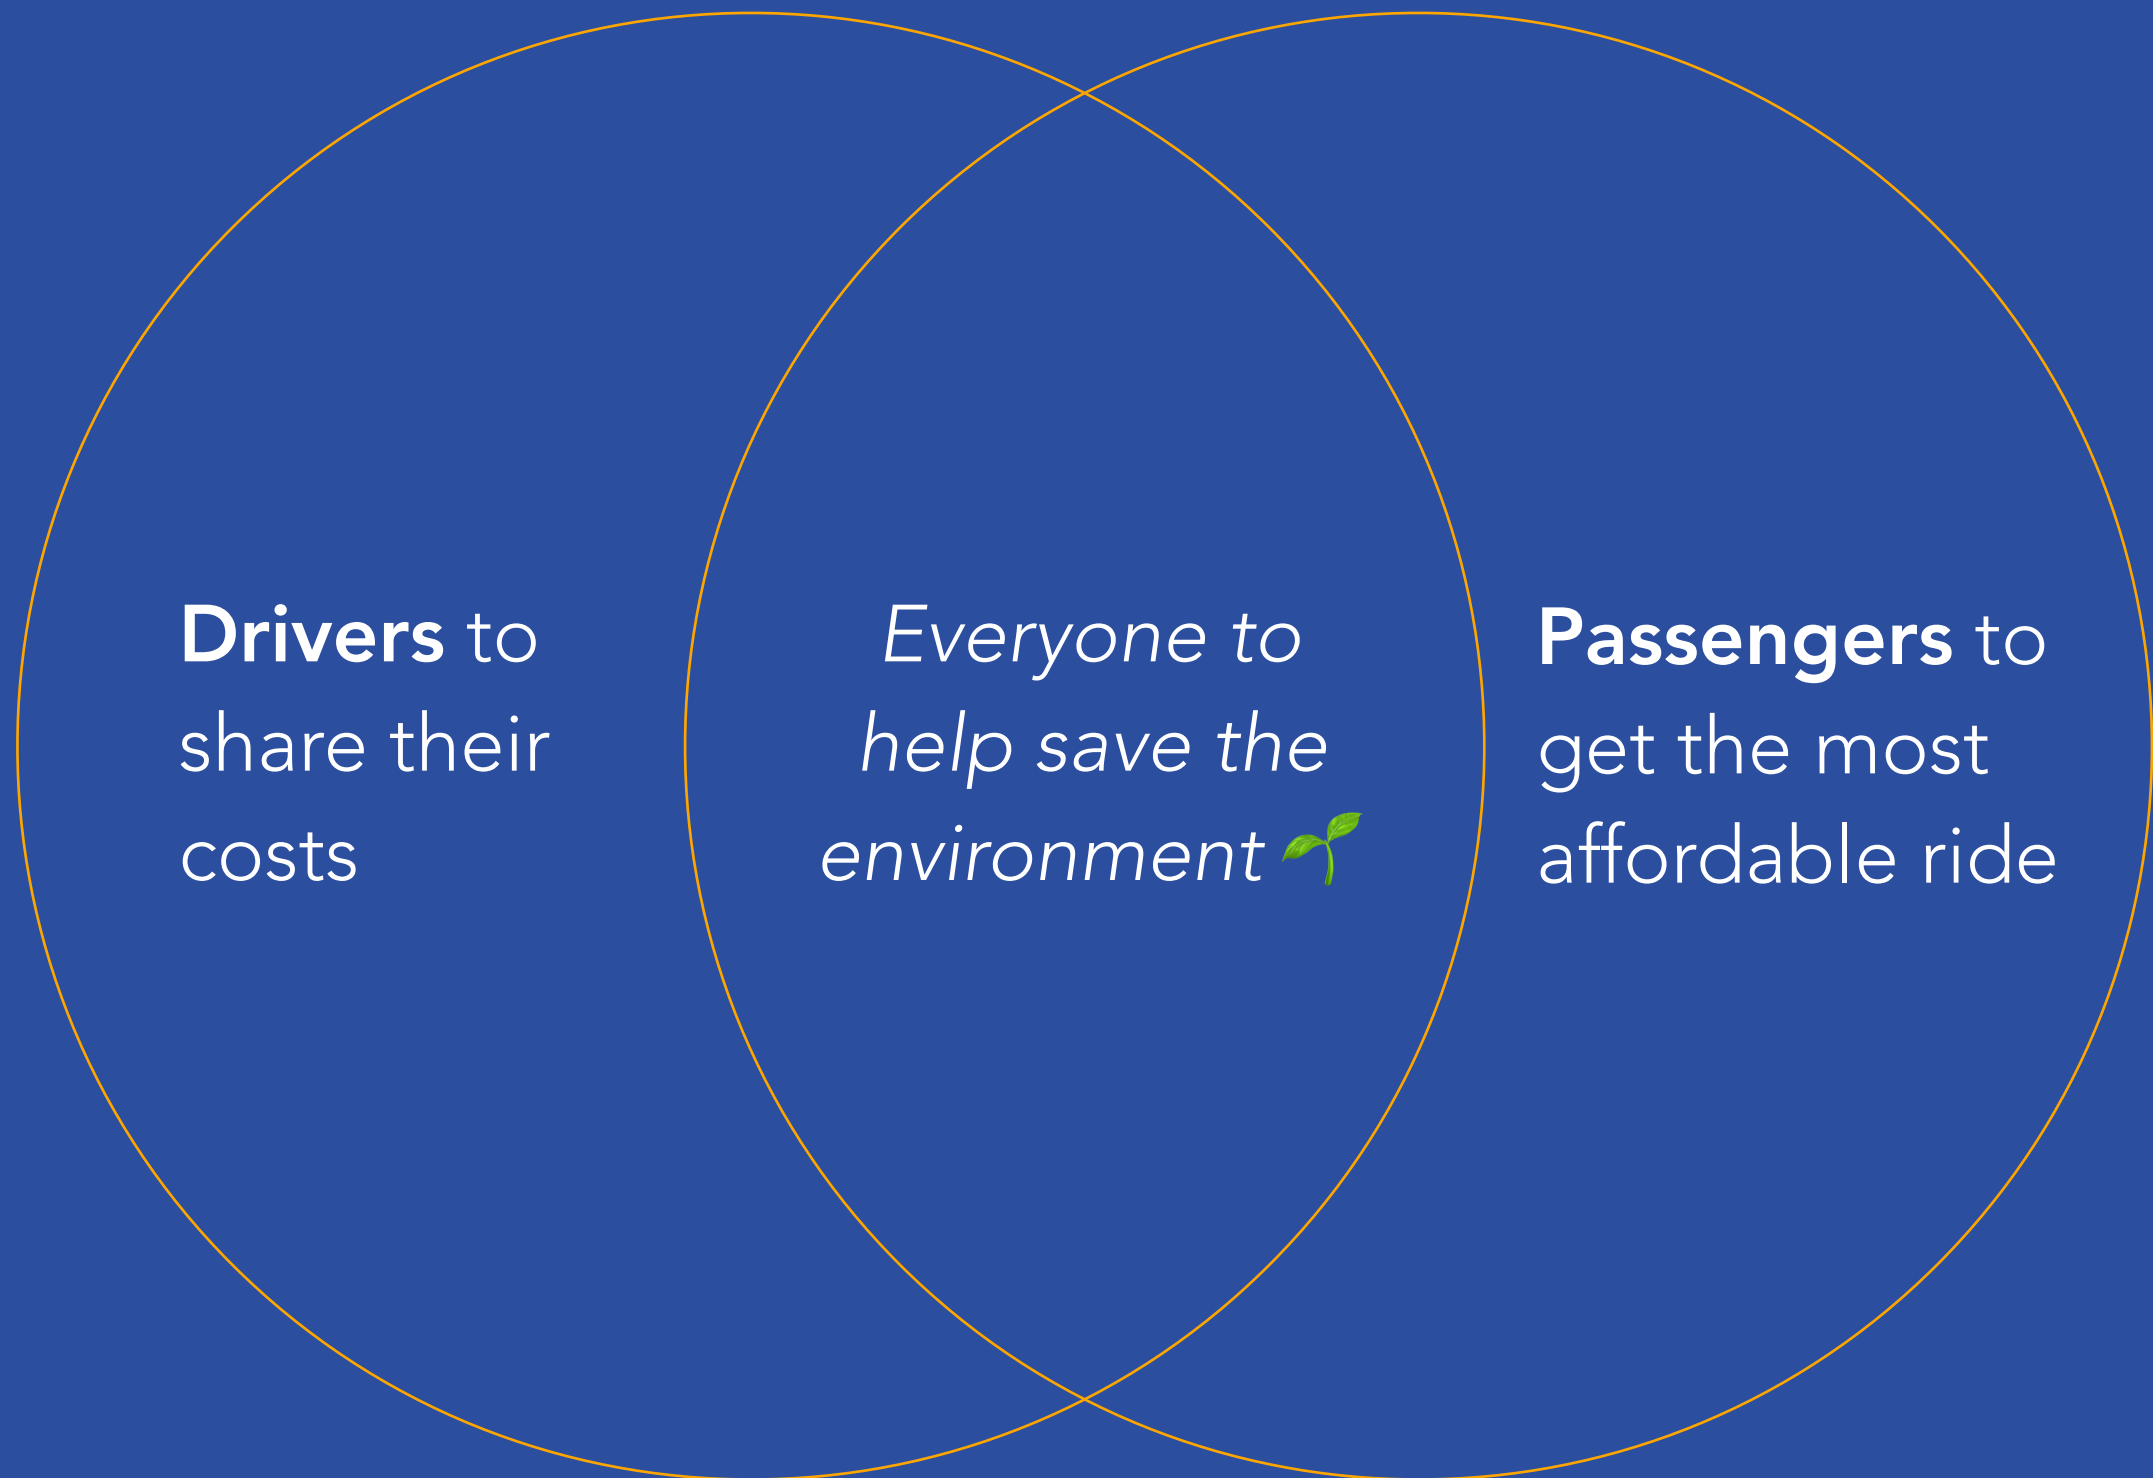

- With people you know —————> With anyone
- Planned ahead —————> Spontaneous
- Logistically complex —————> Effortless

INTRODUCING

SWITCHHIKE  
SMILCHHIKE

SwitchHike automatically offers remaining spots in your car only when it's convenient for you.

# IT WOULD ALLOW...

# PROGRESS OF THE APPLICATION CURRENTLY

- Capacity
  - Driving behaviour
  - Physiological data  
(wearable)
- Rule-based system

# PROGRESS OF THE APPLICATION

CURRENTLY —————> FUTURE

- Capacity
  - Personalised system using Machine Learning
- Driving behaviour
  - Voice Control for the driver
- Physiological data (wearable)
  - Rule-based system
